YREKA May 27.—A report reaches here from Happy Camp, Del Norte county of the murder of H O Meara and the burning of his store. It is believed to have been done by Chinamen. An explosion was heard in the direction of the store of Horace Gasquel kept by O Meara, on the morning of the 26th, about 3 o clock, like an explosion of powder, and the whole inside of the store was in flames. The first move was to break open the doors to liberate O Meara when the flames burst forth and no trace of the missing man was discovered until 9 o clock, after the heat of the fire had subsided. From appearances around the charred remains the popular opinion is that after deceased had gone to bed the Chinamen had called him up under pretence of buying something, and while attending them they struck him on the head with a steel bar found near the corpse and not belonging to the store. The Chinamen then took everything of value such as opium money etc, saturated the floor with oil, fired it and came out and shut the doors. All efforts so far have failed to discover the slightest clue to the mystery. Citizens have offered a reward of $1 000 for the apprehension of the murderers. AN OPEN LETTER

[illegible] May [illegible] 1874

DR [illegible]—My Dear Sir Your esteemed favor of late [illegible] was duly received and would have been answered at once but for professional business. I fully agree with you that it is by an interchange of views upon those subjects dividing the political relations of men that the safe medium of truth is most likely to be reached. Permit me, my dear sir to say here that the candid and generous manner which you have been pleased to adopt in presenting your views on the issue now before the voters of Oregon has greatly heightened in my esteem one who already stood high in my regard and confidence

Your encomium upon the Republican party [illegible] and I [illegible] appreciate [illegible] I agreed with you [illegible] Her noble history [illegible] not lived [illegible] her every principle vindicated [illegible] established and [illegible] a fixed fact in the nation which she was born to serve. No man loves, even the name Republican better than the humble writer hereof and it is not without regrets of the most pungent character that one possessed of my feelings and my veneration for the Republican party can entertain thoughts of a division in the ranks and among her own sons who have been the mutual sharers of her perils and her triumphs. My dear sir, I am sure you will give me full credit for all I say, when I tell you now that a stern sense of duty to my country leads me to turn away from that which was once beloved. As I turn away my face, my feelings are expressed in language with which you have no doubt been long familiar—"Let me not see the death of the child"

Nor ought men for light and trivial causes to sever their connection with a party whose history is thus glorious and deeds thus noble and it is but proper and right that communities should hold members of all political parties responsible for their action in the premises. And I am willing that my country shall hold me thus accountable. But shall we consider a fact or two bearing on the case?

It is not yet a twelve month since the men who are now the leaders of the Republican party in Oregon, tendered to your honored self the marked favor of standard bearer for her brilliant color in a contest against her ancient enemy, headed by a knight with [illegible] armor. Why did you hesitate, and finally refuse altogether to accept the situation? What is the difference now and then? Is there less of corruption in her members now than then? With equal force I may ask what has reconciled Mr Williams to become the standard bearer of the party under circumstances even less favorable than they were when the same position was so urgently presented to him, and he with equal [illegible] repelled and rejected the same as vile and contaminating? Our astonishment at his sudden reconciliation is increased when we remember that it is boldly and defiantly asserted that weeks in advance of the convention at which he was nominated written communications were received in Oregon from Washington and from the subject of [illegible] odious resolution that Mr Williams would be the nominee of the Republican party for Congress. Again I ask what virtue does the party now claim that did not then belong to her? Have any fresh laurels been added to her brow by valiant deeds of her Oregon sons? Or have any stains of the Albany Convention been wiped from her escutcheon by renunciation of unwholesome declarations there made?

Is it wrong to use coin in the election of U S Senators? And will either of the dominant parties in Oregon plead not guilty to this impeachment? If coin is needed to secure the election of Mr Williams will it be wanting? Is it proper and right that saloons and saloon interests should be brought to bear for the election of a Member to Congress and how many saloons are there in Oregon that cannot be used for his election?

Is it true that there are now more than 200 voters in Multnomah county brought there as wood choppers from Washington Territory for the purpose of electing Mr Williams? Do you know that some of these same leaders of the Republican party when importuned not to foist the Mitchell Resolution upon the Albany Convention [illegible] that [illegible] step would certainly sink the party they replied "Let her go down and be d—d." To vote the Republican ticket now is to help such men to hold their Federal appointments. I will not do it. I am on the Independent move. I have nothing to ask for myself, I have no friends to reward nor enemies to punish. I only ask that honest men may be elected and that the ballot box may not be corrupted

In conclusion allow me to reassure you of my high personal regard and friendship

Yours etc D W BALLARD

The murderer was an escaped convict and the scene of the wholesale slaughter committed by this inhuman fiend a small island not far from Sourabaya. He then drew his knife and attacked every one man woman and child—within his reach wounding and killing nineteen persons in [illegible] time than it takes to mention it. He then made his escape into the thick jungle which begins at the back of the town and runs up to the densely wooded hills. At about [illegible] 30 o clock the Band commenced to play in front of the Theater and the citizens began to pour in from all directions until the large building was jammed to the fullest capacity. Many [illegible] were compelled to [illegible] along the aisles and about the entrance. At least 800 persons were present during the speaking, and a more enthusiastic meeting we have not witnessed during the present campaign. The appearance of Mr Gibbs on the platform was the signal for an overwhelming outburst of applause, which shook the Building to its very foundation. A few minutes after 8 o clock the speaker advanced to the stand and addressed the large audience

For traveling expenses he brought along four thousand dollars which did not belong to him. His wife Sallie he left without means to support herself and his children. After spending a time in Southern California he brought Miss Maria J to San Francisco where he left her and came to Oregon. Both of these wronged women are still living, and will testify to all I have said and much more. To show how this man

WITH THE [illegible] AS A WOMAN [illegible] HE HEART [illegible]

At his fawning associates [illegible] and conventions I return to the primaries of 1866, [illegible] thwart the will of the people the [illegible] in South Portland precinct was filled with Democrats led on by Mitchell Stitzel and John A Carr. To prevent the Democrats from [illegible] our action as Republicans the following resolutions were introduced

1 "Resolved, That any person who voted for President Lincoln shall be entitled to vote at this meeting

[illegible] That any man who voted for the last Presidential election for McClellan shall not be permitted to vote at this precinct meeting

Both of these resolutions were opposed by Mitchell, Carr and voted down the rabble [illegible] being permitted to vote with their [illegible] people were so outraged that they called a public meeting, which was largely attended, and appointed a committee to [illegible] the unanimous report of that committee

The evidence that we have obtained of fraud is conclusive. We have a list of the voters [illegible] number who voted at the Southern Precinct. Of this number 165 are found in the Directory and on the poll books; the remainder are not found anywhere, and the number of 182 are believed by us to be in a great part fraudulent. We have the testimony of numbers of respectable men that many Democrats confessed to having voted at the Union Precinct meeting. The same state of things existed at the polls in both precincts. Men were carried publicly to and from the polls and we have reason to believe that many persons voted twice—once at each poll. So disgraceful were the proceedings at the precinct meeting that a very large number of the Union men withdrew

This Carr (so called) was not then entitled to a vote and has been a ring corruptionist ever since. I will give his history under the head of Appointments.

A MILD DOSE FOR A PARTY BY THE NAME OF H W SCOTT

The party caucus of the Legislature which met in September following gave the nomination for U S Senator. Mitchell's friends in the Legislature bolted the nomination and combined with John[illegible] men who wished to defeat the party and elect Nesmith

Whatever Harvey Scott associate editor of the Bulletin and Collector of this port may now hypocritically pretend to believe as to myself and [illegible] compelled to write in order to keep his place he has repeatedly and and publicly [illegible] that I was entitled to the election to the office of U S Senator and ought to have been so elected. And these are his real sentiments to-night. The letters and Johnson men were referred to Scott repeatedly called the mercenary brigade and he continued to call them so until one of the mercenaries went about the streets of Portland to beg money to take Scott to Washington and back. [Applause.] The money was raised, and never repaid. Scott went to Washington and secured the appointment of Collector. Since that he has changed his course of life gone back on his friends gone back on himself become a fallen man and at the last election was warning the people of [illegible] Democrats with gold. He is one of the principal corruptionists in this ring and is the most mercenary and unscrupulous writer ever connected with the press of Oregon. [Applause.]

Dr J S Giltner is one of the executive [illegible] the ring. Just before the last State election Dr Watkins Mitchell's [illegible] physician to the county hospital [illegible] for a year only half of which time [illegible] Kenworthy [illegible] the county [illegible] election Mr Mitchell called Mr Kenworthy out and asked him [illegible] would [illegible] Watkins [illegible] Kenworthy [illegible] Watkins [illegible] with a full knowledge of these [illegible] record as a felon

The [illegible] who has been considered worthy of holding two offices at the same time under the ring, was well known to divers and Mc Cormick when they appointed him physician to the Hospital and this infamy was perpetrated against the [illegible] Judge Hamilton who is not a tool of the ring but an honest man. It was because of this, perhaps that the Judge [illegible] stood no chance for renomination

HOW JOHN HIPPLE DISPENSED PATRONAGE

I will mention a few others who hold office under the ring to show that it is not the party which they seek to build up but self aggrandizement even at the expense of the party. A life long Republican was removed from the postoffice in this city to make a place for Geo K Cole, a gentlemanly and obliging man but one who has always been a Democrat. You will remember how he rode at the head of the Democratic procession a Marshal of the day when Democracy celebrated its last victory in this city. His sentiments have never changed and he got his position because he worked for Mitchell's election to the Senate

Dr Bowlby, one of the most able and reliable Republicans in the State to whom the party is much indebted for his services in building it up (applause) who was an honorable and efficient officer was turned out of the office of Collector of Internal Revenue to make a place for O B Gibson who not a very long time ago was candidate on an independent ticket against the regular nominee of the Republican party

Hon Alonzo [illegible] the peer of any man in his fidelity to the Republican party and an honest public servant was removed from the office of Collector of Customs, for no other reason than that Mr Mitchell was not his choice for U S Senator. Had these men been permitted to remain in office until their term had expired there would have been quite different but no party [illegible] the respect of the people when it permits such things.

[illegible] Crawford who was a Johnson man [illegible] at the [illegible] holds an important office in the Revenue department

[illegible] Crawford [illegible] who now holds the office [illegible] expense of a life long Republican [illegible] as a reward for his labors in electing Mitchell. What [illegible] would have promoted [illegible]

It has been common remark that Scott of the Custom House in this city has kept in and had twice as many men as the service required and that the Government has been paving men for doing the work which a collector ought to do so as to allow him time to edit the Daily Bulletin. As to the correctness of these charges you can judge as well as I

What particular [illegible] has David [illegible] Roeburn, for the office of Collector at Empire City? How happened he to vote for Mitchell [illegible] for [illegible] representative from a county where Mitchell was scarcely known? However these questions may be answered David got the office and a competent man is hired to discharge the duties.

THE RECORD OF A FELON

Lastly I notice the appointment of a man as Collector or Deputy Collector in Alaska who has been for a number of years one of the wire workers and corruptionists for the leader of the ring in this city. He now goes by the name of J A Carr. I am informed by a gentleman in this city that his real name is John McMoulson that some time he has gone by the name of J A Lyons. That he killed a man by the name of Fernandez at or near Oroville [illegible] that he fled to Idaho and from Idaho came here a fugitive from justice. He was indicted, and a reward of one thousand dollars was offered for his apprehension [Sensation] but he never put in his appearance to claim the reward. This is the last appointment made by the ring. Whose turn next?

Bribery and Repeating

After the reproach heaped upon the party in this county by the ring had broken its back a system of bribery and repeating was resorted to to preserve its power. Of this there is abundant proof

B J Pengra was in Washington when Senator George H Williams handed him a dispatch signed by H W Scott and another corruptionist stating that the money sent was insufficient. They wanted at least $1000 more money. To the inquiry of Senator Williams Pengra replied: "Judge Williams no man ever became great like Webster, Clay and Calhoun by the use of money. Don't send it." These were words of wisdom. But at the last general election Williams said that seventeen thousand dollars had been contributed to the party in [illegible] [illegible]. Money in small sums may be legitimately used in an election. It may be possible that seventeen thousand dollar could be honestly used at a general election in all the State but I submit to any man's [illegible] that [illegible] could be fairly and honestly used in Portland.

I hold in my hand a photographic copy a fac simile of a subscription paper in the hand writing of H W Scott and signed by men whom I know making up the amount of $1000 or nearly that amount. This was for the last city election. How could that amount be legitimately expended in a city election. Yet the ring would have you believe that there have been no corruptions and no corruption funds here. The influence of the corruptionists has for a number of years permeated the jury system of this county. Have you looked in upon the juries. Have they been composed of the best and [illegible] as the law requires. [Cries of "No. No."] Far from it in too many instances. It has been said that state courts are sufficient to punish bribers and repeaters. Members of Congress did not think so when they passed the law. Well, the grand jury of the Circuit Court State for this judicial district met after the last Congressional election but could the fullest investigation be expected or acted upon when at least one member of that body had been a financial agent in getting in voters under promises of money? Yet such was proved to be the case.

I hold in my hand a circular letter from the Attorney General directed to the District Attorneys and Marshals of the United States. It says: "I herewith transmit to you copies of an Act of Congress etc (referring to the law upon the subject,) This department expects from you all possible vigilance and energy in detecting and bringing to justice all persons who violate this act within your respective districts. Here it was said by some that this act did not apply in this country but was passed to be enforced down south—to punish Democrats I suppose

THE INCONSISTENCY OF THE BULLETIN

At the last Congressional election there was a general organized system of bribery and repeating in this city. Charges to this effect were made openly and boldly in the public press and on the streets. They were quite as boldly denied. Thus alluding to the public charges made by the Oregonian the Bulletin of October 24th 1872 said. In an editorial headed [illegible] Day by day it [illegible] the Oregonian has continued to make these charges. It has asserted roundly that the so called facts which it alleges could be proved and that they would be proved before competent tribunals. Well the whole affair has been probed to the bottom and not one fact has been developed to substantiate the Oregonian's calumnies. The public now know that the stories it told were without foundation.

Here the Bulletin distinctly and emphatically asserts that there was any foundation whatever for the [illegible] and its sensibilities are outraged that any one could suspect the ring by which it is supported of corrupt practices. Now hear this from an article entitled "Convicted for [illegible]" published in the Bulletin two days later, October [illegible] 187[illegible]. At last we have compelled the Prosecuting Attorney to a sense of his duty. [illegible] it was. It seems that a young man named Bruce was prevailed upon to try the repeating dodge on election day. The Prosecuting Attorney for reasons best known to himself [illegible] prosecuting the case. But [illegible] he did not dare to neglect his sworn official duty. What more could [illegible]

On the 26th of October it the Bulletin said speaking of the Oregonian: "The severest malignity and malice could prompt through the Prosecuting Attorney Durham has [illegible] And then two days afterwards it pounced upon it and [illegible] the Prosecuting Attorney [illegible] at duty [illegible]

[illegible] EVIDENCE

The city was divided into districts [illegible] the testimony of [illegible] Murphy the defendant's witness in the case of the United States vs O Neil [illegible] He [illegible] to come down there [illegible] The Court in [illegible] Mr Briggs [illegible] One of the ring [illegible] 200 illegal votes out at the [illegible] voted five times. And as [illegible]

in nothing less. At that time there was plenty of evidence [illegible] laws of the United States. As it was my sworn duty to do as U S Attorney and in compliance with the instructions of the Attorney General I presented a few cases to the Grand Jury and found that it was so made up that bills were [illegible] where there was full evidence of guilt. [illegible] the notes of the evidence kept by the clerk [illegible] Thereafter I brought no more cases before that Grand Jury but moved the Court for a new Grand Jury. It is a practice [illegible] as the jury system to object to one or more jurors when they show a state of mind adverse to the prosecution [illegible]. But this did not suit the corruptionists. It should not be forgotten that until this time the jury then in force, the Marshal selected the grand jurors thus placing great power in his hands. The Court granted the motion and changed the rules so that the jury is made up as it is in some of the other districts by lot from a list of the most [illegible] citizens of the district selected by the Marshal Clerk and U S Commissioners. About this time certain persons were somewhat scared and there was hurrying to and fro in hot haste. Something must be done. After dark the next Saturday night the following telegram arrived from my old partner and friend

WASHINGTON D C Nov 27 1873

[illegible]

I am advised that you have obtained an order for a new Grand Jury at this term of the Court to be impaneled in an unusual manner. You are instructed to move to rescind such order, as greatly increasing the expenses of the term. I am satisfied the regular Grand Juries can do the business of the Court. Take no action before such jury until you have reported to me the necessity for this extraordinary proceeding and expense. GEO H WILLIAMS
Attorney General

To this I replied early on Monday morning, and thus obeyed instructions by taking no action until I reported. My report was as follows

PORTLAND Oregon Dec 1 1873

George H Williams Attorney General Washington D C

Your telegram was received late Saturday night.

In reply I have to say that it was proven before the last Grand Jury that a state of bribery and repeating was inaugurated in this district in the late Congressional election which was alarming. I have majority prevented indictments where the guilt was clearly proven. In one case the Grand Jury voted an indictment and after one night rescinded the vote by one majority. Upon investigation I found that Deputy Marshals were instructed from Portland to summon certain men designated. Supposing that the wheels of justice ought not to be blocked by mistake or corruption I moved for a new Grand Jury. The Court amended Rule No 11 by ordering that hereafter the Clerk Marshal and United States Commissioners select one hundred and fifty names from the assessment rolls of this and adjoining counties from which a jury may be selected by lot. A jury so selected is to meet to-morrow.

For thus doing, my duty I understand representation [illegible] corruption [illegible]
[illegible]
U S Attorney

To this I received no [illegible] and proceeded with the business before the [illegible] jury which met the next day. The bribers tried to make capital against me under the cry of [illegible] while the real expenses of that extra Grand Jury were not nearly so great as they were represented to be. The expense consisted in summoning twenty three men who lived within thirty or forty miles of Portland, at 10 cents per mile mileage and $3 per day for five days. The latter would have been the same at a regular term while [illegible] such matter. Besides there was other new business considered at the same term and a number of indictments found upon which there were convictions. Do officers in the State courts stop proceedings or delay them until the criminal or witnesses have fled because of the expense of summoning new jurymen in place of those who have been challenged? I attended one term of court in Columbia county when over eighty jurymen were sent for before an unbiased jury could be found to try a man charged with the crime of assault with intent to kill and there was no hue and cry about expenses in the Bulletin or elsewhere

It should not be forgotten that in my telegram to the Attorney General I charged that [illegible] and that Deputy Marshals were instructed from Portland to summon certain men designated. That has never been denied nor can it be with truth. What a spectacle in a country professing to be governed by law! Do you want your United States grand juries selected by a corrupt ring of bribers? Yes I made the motion for a new jury to be fairly selected knowing that it would probably cost my political head. I would have been a moral coward to have done less

Who doubts that I could have held the position of U S Attorney to-day if I had been willing to be the tool of a little corrupt ring who are trying to build up a personal party at the expense of the Republican party. This ring, through its organ have said that there was no necessity for a new grand jury and that my representations were false. Before the next jury it was difficult to get evidence so many witnesses had been run off but enough was presented to justify the jury in finding eleven indictments. And every member of the grand jury, seeing the unscrupulous attacks made upon me by the ring voluntarily gave me the following statement:

PORTLAND Dec 10 1873

We are of the opinion that U S Attorney A C Gibbs was justified in sending his dispatch of December 1st to Attorney General Williams so far as it relates to the extent of bribery and repeating. As to the balance we have no knowledge

BENJ SCHOLFIELD,	S B McNAMEE,
CHAS W GANONG,	WM O MACK,
J K GRAHAM	MARK HATTAN,
JOHN SWEEK	S M REEDER
JAS WINSTON	R R RILEY
ASA SANDERS	JOHN MARSH,
W C JOHNSON	JOHN B GARRISON
J A FLIPPIN,	SAMUEL ENGLE,
W A CRISELL	WM GROOMS
W W KEEFER	

No man could ask a better vindication. Among all that were indicted in the different courts, four persons were convicted and sent to prison. Two defendants were not convicted, because there was no proof that the defendants knew that the men they bribed were under age. Had the witnesses been the corrupt scoundrels they were represented to be by the ring they would have sworn that they informed the bribers that they were under age. In the case against Maurice Ball the crime was fully proven but the witness said that Ball was not the man who perpetrated the crime. The name of the wrong man had by mistake been put in the indictment. In other cases there were technical objections to the indictments and by order of the Court the cases were referred back to the grand jury. But when the grand jury was in session at the next term of Court, the witnesses could not be found as I was informed by my successor

RUNNING OFF WITNESSES

One of the important witnesses required by my successor was Robert Bruce who had voted five times at said election and had been convicted and sentenced to the county jail to remain a certain time or pay a fine. A few days before the meeting of the last grand jury some [illegible] friend paid the balance of his fine, and he was discharged. [illegible] but the next day after the grand jury adjourned, Bruce was on hand.

One [illegible] Ireland had been a witness before the first grand jury. He is a man who will tell the truth under oath, but who can be hired to go out of town when he has no pressing business in town. At the meeting of the second grand jury Ireland was not to be found. [illegible] by the name of [illegible] Ireland. At Oregon City a letter was handed to him written by one of the ring which Ireland supposed was for him. He opened it and it read as follows: [illegible] Your family will be taken care of

An Incorruptible Judge.

Just after the last Congressional election when the papers were filled with the charges of bribery and corruption in the election to which I have alluded and when on the streets the talk about it was as familiar as household words it became the duty of Judge Deady to charge the law as to such crimes. And when it was found that a jury had been selected in Portland which was evidently packed for the occasion it was his plain duty to set it aside and order another whether the District Attorney asked it or not. But when a proper showing was made by the District Attorney that the jury was not doing its duty it would have been doubly wrong in the United States Judge to have refused an application for a new jury

The late Judge W[illegible] was commended for punishing a jury in Umatilla county for neglecting duty. [illegible] the flood gates of calumny have been opened upon Judge Deady by H W Scott. In Judge Deady the ring found a man whom they could neither corrupt nor intimidate. That Court stands in the way of their corrupt [illegible] power and now they vainly seek ways and means to deprive the Judge of his position. Judge Deady needs no defense at my hands. His record is in writing and will stand the severest criticism. I have known him long and well both when we agreed and when we differed in politics—have tried more cases before him than has any other man and I hazard nothing in saying that among all the judges we have had in Oregon not one has been his superior. To show how [illegible] hypocritical are the recent attacks made by H W Scott under the dictation of his master I have only to refer to [illegible] as written by his own hand and published in a book entitled "Representative Men of the Pacific." In speaking of Judge Deady he said: "While he thus did much to give a constant and permanent form to the jurisprudence of Oregon, he greatly enhanced his own reputation and grew steadily and firmly in the confidence of those who knew him. Again in [illegible] of his subsequent [illegible]

this now false accuser says of the Judge: "His proper place is a judicial position and it may be truly said that he is a man who has found his sphere in life." I now close what I have to say upon this subject by quoting the closing part of the article written by Scott, the miserable creature who is now more an object of pity than contempt. He said: "He (the Judge) is now in middle life and it may reasonably be expected that he has before him many years more of activity and usefulness." And I may add his calumniators will soon be consigned to their merited oblivion.

Custom House Steals.

In January last John H Starr a man of integrity [illegible] finding called upon me on professional business. In the conversation he stated to me that he had been induced to sign two vouchers making the amount of $267 for seventeen days work, and that he only received therefor $ 9 50. He wished me to write a statement for publication. I wrote it out for him at his request but advised him to have it sent to Washington where such abuses ought to be corrected. He agreed and it was done. I have been accused by the Bulletin of wrong doing in this matter but I regard it as the duty of every man to do as I did. When any man learns that there are reasonable grounds to believe that the public funds are being stolen to cover it would be criminal. And it would have better served the interests of the party for the Bulletin to have demanded the fullest investigation and if the charges were proven true, ask for reparation and the removal of Higgins. Instead of that a set of statements are forwarded to Washington which appear fair on the face but upon careful examination, they show that Starr's statements are true. One of these statements is that Starr was at work on the Custom House every working day in August, while every man in Portland knows that no man worked on the Custom House on the [illegible] day of last August the day of the great fire. Again, Starr has since charged (and it has never been denied) that he worked on the roof of J H [illegible] on a number of days in August putting on tin for him, which tin belonged to the General Government and was hauled from the Custom House for that purpose. I think I am justified in charging that Starr and two other persons signed vouchers in the aggregate for $701, that payments were made on drafts for that amount at the First National Bank in this city and that all that was paid to these men was $175 50, leaving a clear profit or steal of $525 50 if I am correct. Whatever may be said about this being "Gibbs' little job" it is a good job if it uncovers and exposes a fraud. Look at results. The idea that there could have been expended seven hundred dollars in putting on copper or in doing other tinner's work on that roof is absurd and the absurdity is very apparent to the casual observer yet the official dents show that as the amount paid

A Reform Party.

The Republican party was organized at the time when so much was being said about Kansas frauds and the colonization of voters and it took strong grounds against all that kind of thing. Out the Republican party in Oregon [illegible] that record, [illegible] a corrupt [illegible] Governor of the State of Oregon [illegible] recommended the passage of [illegible] measure to the Legislature. Mr Mitchell opposed [illegible] the Legislature [illegible] elections [illegible] that time have shown the [illegible] And the defeat of [illegible] the benefit of that same Mitchell [illegible] and the State is disgraced [illegible] Senate, [illegible] Hipple Mitchell holds [illegible] on file in the Senate [illegible] his seat was purchased with dollars. It would seem that an innocent man would [illegible] investigation of the charge [illegible] of this nature afford [illegible] unnoticed? If I have [illegible] the [illegible] of which the American Senate is composed [illegible] in Oregon of [illegible] Hipple

Chief Justice Chase prized the right to vote so highly that while he was Secretary of the Treasury he made it a rule to go to his home in Ohio and vote at every election. Your vote is equal to his in every respect. [Applause

How Shall We Vote?

I have often said publicly that men are nothing to me—[illegible] first duty is to his God next to his family and then to his country. Next to these [illegible] his party as the means of [illegible]. When his party will not subserve these [illegible] duty to reform it as best he can and if [illegible] the people will do it for him [illegible]. We vote by ballot. A man [illegible] to his God and need only consult his conscience [illegible] regard to his vote. I shall vote as I think will correct the abuses I have mentioned [illegible] the interests of the country [Enthusiastic cheers and cries of "Good Good."] Go thou and do likewise! Let the ballot

Much more might be said but I fear that I have already detained you too long [Enthusiastic and prolonged cheering]

Throughout, Mr Gibbs' remarks were greeted with thunderous applause especially those portions where the speaker lifted in no very gentle manner the hide of certain prominent members of the Custom House Ring. Retiring amidst prolonged applause,

JUDGE WM STRONG

Was vociferously called for. That gentleman made his appearance on the rostrum and addressed the audience for a few minutes. The Judge was loudly applauded, and his very pertinent remarks elicited roars of laughter and the prolonged clapping of hands and stamping of feet. The lateness of the hour prevents more extended comments. Suffice it to say that the meeting was one of the most enthusiastic which has been held the present campaign

FRIDAY MORNING, MAY 29, 1874.

WILL RICHARD WILLIAMS RETRACT?

In his speech at the Court House in this city on the evening of May 9th, Richard Williams, Republican candidate for Congress, said (alluding to the charge that he was paid $2,000 by the ring managers for making the canvass) that Hon. T. W. Davenport, his Independent opponent, "had been hired to run for Congress." And in support of this false assertion he said that Mr. John C. Davenport, brother of the Independent candidate, had said on the streets of Portland that "when Tim was solicited to make the canvass he positively refused to run until it was promised that his (T. W. Davenport's) expenses should be defrayed and he should be paid day's wages." These were Mr. Williams' words exactly reported. Subsequenty, when Mr. Williams' statement was denounced as an unmitigated falsehood, the *Bulletin* charged that "Geo. E. Strong, of the OREGONIAN, and E. D. Backenstos, of the Independents of this city, had an interview with him (Davenport) concerning his canvass of the State, in which it was at last agreed that he should be paid a stated sum over and above his traveling expenses." This last falsehood was answered so fully immediately on its appearance that the *Bulletin* never dared to refer to it again.

It is for the purpose of asking Richard Williams to make a just and honorable retraction of his error that we allude to the matter once more. One of the gentlemen above referred to recently addressed to Mr. John C. Davenport a note requesting him to say plainly whether or not he had made any such statement as that of which he was accused in Mr. Williams' speech. To this note the following answer has been received:

COLFAX, W. T., May 20, 1874.

GEORGE E. STRONG, Portland, Oregon—*Dear Sir:* The statement of Mr. Williams is not true. Hearing certain parties who are working in Mr. Williams' interest say, that he (Williams) and his friends would carry Portland, and would spend money to do so, I said that Tim had no money to spend, and would not spend a cent if he had, knowing that he did not believe in the ring style of doing business. So far as I am concerned I am in full sympathy with the Independent movement, and hope it may succeed, as the proceedings at the Albany Convention last year convinced me that the Republican party in Oregon was manipulated and controlled (perhaps unwittingly) not in the interest of the people or party, but for the personal interest of a few individuals, and there was not enough independence in the Convention to defeat their plans, so completely was the party under their control.

That these same men can now use the Republican party to further their plans, is evident from the readiness and zeal with which they now work for Mr. Williams.

They as surely pull the wires now as then, only their seats are a little further back.

Regretting the necessity for writing this letter, I remain, in haste, yours truly,

JOHN C. DAVENPORT.

This letter was received last Monday evening. It has been withheld from publication until Mr. Williams arrived in Portland, in order that he might make the *amende honorable* while in this city. We do not believe he will care to engage in any trial of veracity with a gentleman so generally and so favorably known as John C. Davenport. In such a contest Richard Williams, after the experience of this campaign, must be the sufferer. Will he retract the groundless falsehood?

A BAREFACED, AUDACIOUS LIE.

When a man has been proven a liar by common fame his credibility ought to be destroyed among all reasonable people. The *Bulletin* would seem to prefer a lie to the truth any day. Its past record in this respect should be sufficient, but its latest effort eclipses all its former lies. In yesterday's issue the *Bulletin* said:

"The Polk county Independent organ says that the Independents of that county generally will vote for Tolman for Governor, Williams for Congress, Clark for Treasurer, and Rowland for Dawne."

Here is a studied attempt to persuade the people that the *Liberal Republican* has said that Polk county Independents will vote the Republican ticket. This lie may as well be pinned just here. The *Liberal Republican* in its last issue (May 23) uncovers the ring programme in Polk county, as follows:

"We are informed, and that very reliably, that the straightout Republicans and Democrats propose to fuse on the State ticket, and that *they now have in every precinct men who are doing all that may be in their power to influence the voters to swap their votes*, seeing that unless this plan be adopted, the Independent ticket will carry the State by a handsome majority. *The programme is to trade La[illegible] for Williams, [illegible] for Governor.* Th[illegible] [illegible]al Republicans have denied that it [illegible] intention to trade or swap, but it is [illegible] use for them to deny any longer, for we have the whole thing as detailed by one of their own number, who came from Portland to this precinct for the special purpose of enlisting certain of his friends to help the plan along."

That is what the *Liberal Republican* said. It charges that the tools of the ring are already at their shameful work. The *Bulletin* is convicted of a scandalous forgery. In Polk county the Ring are doing precisely what we accused them of intending to do; they are swapping off Tolman. They are preparing to do the same thing here. What will Tolman's friends in Jackson county say to this?

REPUBLICANS, WHAT SAY YOU TO THIS?

Already in Linn, Lane, Polk and Marion counties, the Rings have commenced their efforts to defeat Davenport and Campbell by trading off Tolman for Grover and La Dow for Williams. The Independent ticket is too strong for either party singly. Their last chance of success lies in a coalition. By uniting their forces on Governor and Congressman they hope to defeat the people's choice. How do the Independents of Oregon relish this story of Ring infamy? And what do honest Republicans who have always intended to vote the straight ticket say to this? Is it not exactly in accord with the charge we have frequently made: that sooner than suffer the success of the People's Ticket (which means the destruction of Ring management and the rehabilitation of the people in their ancient rights) the Rings will join hands and divide the spoils? We have warned voters in every part of the State that this infamous treachery to certain of their nominees was contemplated by the Rings. Now that treachery is consummated. Inside of forty-eight hours we will produce indubitable proof that the scheme has been partially consummated. Republicans, what say you to this? The Ring betrayed you at Albany last September. Is it possible that you can again be deceived?

THE JOHNSON FAMILY ON THE RAMPAGE.

The Reverend Carey Johnson has joined the Reverend O. N. Denny and Hon. James McBride in the personal appeal business. He has lately been out in Washington county still-hunting for votes (and things) and has devoted himself part of the time to the circulation of lying reports about Judge Shattuck, and part to personal appeals for Tolman. And then, puffed up with an egotism that has always made him an object of ridicule among the members of his profession, he has had to relate his experiences as a proselyte to whomsoever he could get to listen to him. He trumpeted his fame as a peddler of very thin political misrepresentations, to a gentleman on the cars between here and Oregon City a day or two since. He said he had just returned from Washington county, where he found a large number of Republicans inclined to vote for Campbell—that he had undeceived them, and he thought now they would vote for Tolman—that he told them that Campbell, *to his certain knowledge*, would not get more than 50 votes in Clackamas county, and not more than 400 in Multnomah county, and he thought not to exceed 300; that he told them that he knew this to be so, and also that the contest was between Tolman and Grover. And he said they seemed surprised at the information he had given them, for they seemed to have entertained the idea that Campbell would get a large vote in Multnomah and all the valley counties; but that he had told them better, and he thought they would now vote for Tolman, and that in his opinion the county would be carried either for either Tolman or Grover; *and he seemed much elated over what he thought* he had accomplished in Washington county.

How is that for Johnson? "*of his certain knowledge.*" What means has he of forming a "*certain knowledge*" that others do not possess, we should like to know. To the certain knowledge of Carey Johnson! Does he carry the voters of Clackamas and Multnomah counties in his breeches pocket, that he tells people of Washington county just how many votes Campbell will get in those counties? Who authorized this man with a "ghost" to speak for those counties? We don't pretend to be able to speak *ex cathedra* on the subject, for we don't know such things to *our certain* knowledge as Johnson claims to know them, but we venture a prediction for his benefit; namely, that he, Johnson, will run behind his own ticket in his own county, and in Multnomah. Put this prediction by, Mr. Johnson, and after the election tell us of it, if we do not prove to be correct. And it will be found that his "*certain knowledge*" of Campbell's vote in these counties will be as much at fault as his personal popularity.

Oh, but didn't he convert those ignorant people of Washington county, though? And didn't he astonish them?

"And still they gazed, and
Still the wonder grew,
That one small head
Could carry all he knew.

WILL MR. TOLMAN ANSWER?

Mr. J. C. Tolman, the scrub-horse racer from Jackson county, has in training a nag which it is supposed by one or two persons outside of Dr. Hawthorne's Asylum, will carry him part of the way in his race for Governorship. We mean to say that he has in course of preparation a circular to the Temperance people of Oregon in which he will denounce the sale and use of intoxicating liquors and give himself an unspotted reputation for total abstinence. In order to aid him as far as possible in the construction of this ponderous document, we will address the following question to him, requesting a direct, unequivocal answer to each:

1. Did you build the first brewery ever put up in Jackson county? The organ of the Grand Lodge of Good Templars affirms that you did.

2. Have you for years been, and are you now, a constant drinker of wine, malt and alcoholic beverages? The *Temperance Star*, a paper professedly devoted to Temperance, but nevertheless a supporter of your candidacy, affirms that you are. It said one week ago: "Mr. Tolman is a drinker;—we do not pretend to deny it. He keeps liquors in his house and drinks whenever he feels like it. But, all things considered, he was deemed the most available man by the State Temperance Convention."

3. Did you, J. C. Tolman, Temperance candidate for Governor, after the discussion at The Dalles on the evening of Friday, May 15th, go into the beer-cellar of the Umatilla House and sit there from 11 o'clock P. M., till 2 o'clock Saturday morning, guzzling in almost swinish stupor? We affirm that you did, and in support of the charge, we have the evidence of four persons, of whom two were drinking with you, and a third was an excellent citizen of Salem, sojourning in The Dalles at that time, who saw you doing these things.

4. Did you, while in the Dalles, on your return from the canvass in Eastern Oregon, receive an invitation from the Ladies' Temperance Society, or any other Temperance organization, through Col. Fulton or any other gentleman, to address such Temperance Society, as the Temperance candidate for Governor? And did you positively decline to accede to such request, by answering that you were "tired" and "wanted to go to bed?"

If you did, will you say so in your forthcoming "Circular to the Temperance People of Oregon?" If you did these things what do you think of yourself? And how many votes do you think a Temperance candidate oscillating between the beer-cellar and the Temperance Society ought to get from an intelligent, upright people?

GOV. GIBBS' SPEECH.

We venture the assertion that never, in the city of Portland, has there been gathered together a more respectable and enthusiastic audience than met in Oro Fino Theater last night to hear Gov. Gibbs' indictment of the Custom House ring. The hall was crammed full of interested, earnest listeners. Among them were our leading business men. The speech of Gov. Gibbs was a powerful arraignment of the ring on charges of corruption and bribery. He reviewed in most vigorous words the sorrowful history of the Republican party since the entrance of John H. Hipple into Oregon politics. He traced the prevailing corruption of our elections (which all good citizens lament) directly to its original source, and charged upon Hipple the responsibility for the degeneracy of the party and the shameful outrages upon the ballot-box of which the ring was convicted last October. We cannot fairly review Gov. Gibbs' speech. A full synopsis thereof is published in another place. It will speak to the people everywhere, in tones that cannot be mistaken.

For many days the emissaries of the ring have been scattering in every part of the State the report that Governor Gibbs still adhered to the rotten Custom House ring; that he had refused to lift his voice in behalf of the people's cause; that he would not dare to denounce the corruptions of the party in the very face of men who are responsible for them. The The speech itself is sufficient answer to this. His spirited denunciation of the crimes of the ring in the October election; the trenchant blows at the clique which perpetrated them; the logical defense of his own course in prosecuting bribers and repeaters; his manly and eloquent defense of an upright and incorruptible Judge—Matthew P. Deady; the pungent review of the leading spirits in Custom House frauds—all these things are worthy the careful attention of every good citizen. The thunders of applause with which Governor Gibbs' unanswerable impeachment of Senator John Hipple, were received clearly indicated the sentiments held by the people of Portland in this regard. We cannot express to our readers the enthusiasm with which the speaker was received. We are content to ask for his address a careful, dispassionate reading.

At the conclusion of Governor Gibbs' address, J. W. Whalley, Esq., addressed the audience in a brief but energetic appeal for the Independent ticket—honest government and an honest election. Altogether, the rally last night was an immense success.

PRESERVE THESE TABLES.

Thus far, the OREGONIAN has had a "grinding monopoly" of the returns of last October's election. Remarkable as it may appear to those who know nothing about it, the *Bulletin* has never published a statement of the vote by which the people of Oregon repudiated the Hipple resolution. We are disposed to share whatever loathsome things may come to us. For the information of its readers the *Bulletin* should reprint the annexed tables showing the vote of Oregon in the Congressional elections of 1872 and 1873, taken from the OREGONIAN of Nov. 10th, 1873. It will be in very general demand about next Tuesday:

FARMERS OF OREGON, REMEMBER THESE THINGS!

Remember that when Richard Williams was canvassing Willamette Valley he told you, whenever he was called upon to give his views on the subject, that he had no opinion on the all-absorbing question of the right of Congress to regulate inter-State commerce; that he had no opinion as to the right of the State to fix freights and fares on railway lines within the State.

Remember that when he was called upon at Baker City he came out boldly and avowed his belief that neither Congress nor the State Legislature had such right; that both were powerless in the grasp of the giant monopolies with which the farmers and producers of the United States have grappled in a struggle that must be decisive and that very soon.

Farmers of Oregon, what think you of a man who will thus bend his conscience and conform his belief to sectional prejudices? It may be true as Mr. Williams says that you have no immediate interest in the speedy decision of this vital question; but do you believe him? In the West, where the tyrannous exactions of these monopolies oppress those whose interests are identical with your own, there are honest, hard-working, brave-hearted men engaged in this very struggle, in which you will be called upon, sooner or later, to take part. With them the plain issue is: cheap transportation or starvation. In the West, corn is fuel, because of the greed of corporational rule. They have taken their grievances into the National Legislature. Against them are arrayed the united forces of a gigantic system of monopolies. They cry out that thus far the fight has been unequal. They appeal to you for help. How will you answer that appeal? By sending to them a man who has declared his fealty to the railway ring; a man who, if he be elected at at all, will be elected by the money of a powerful corporation lavishly spent in corrupting our elections and defeating the will of the people? Will you send Richard Williams, who has planted himself squarely on the platform that the people who created the corporations are powerless to control the work of their own hands? Or will you send T. W. Davenport, one of your own number—a man who is in close sympathy with the people and who will stand firm against the assaults of the oppressor? Which will you send?

FRIDAY MORNING MAY 29 1874.

CITY.

Ordered to Leave the Vessel—It was announced yesterday that arrangements were made for the transfer of the steerage passengers from the steamer *John L Stephens* to the steamer *Telfair*. But it seems that the passengers failed to ratify, in other words they quietly declined to leave the *Stephens* and go on board the *Telfair*. Yesterday afternoon the *Senator* went alongside the steamer and the passengers were requested to come on board but they refused to do so. Mr Wendler Agent for the Steamship Company went on board the steamer and used his best endeavors to persuade the passengers to abandon the *Stephens*. At length by the joint persuasions of Mr Wendler and the attending physician Dr ... Strong the passengers were induced to go on board the *Senator*. This boat is now lying alongside the *Telfair*, opposite the lower sawmill. Both vessels will be used by the passengers until such time as they may be released. They have been cleaned up and every arrangement made for the comfort and convenience of the passengers. On Wednesday afternoon and also yesterday the *Stephen* was thoroughly fumigated. All the passengers have been vaccinated, and every precaution observed to prevent the spread of the contagion. There are about 170 steerage passengers on board. The *John L Stephens* is announced to sail for San Francisco this evening at 5 o'clock.

Plaza Music—The Portland City Band will discourse the following programme at the Plaza this (Friday) evening, commencing at 7 o'clock: Bois Boudrant March *F Zikoff*; Overture—"Nabucodonasor" *Verdi*; Iva Club Lancers *L Bodecker*; Serenade *Franz Abt*; Rosalind Polka Mazurka, *L Bodecker*; Bruder Lustig Galop, *C. Faust*.

Postponed.—The picnic which was to take place to-morrow at the grounds near Aurora, by the pupils and teachers of the Presbyterian Church, has been postponed until Saturday, June 6th. In view of the unsettled state of the weather and to-morrow being Memorial Day it was deemed advisable to postpone the same one week.

Bulls Sold.—Mr Rollin Saxe of the firm of Saxe Bros., returned from Eastern Oregon and ... a few days ago. A number of fine blooded bulls were sold to various parties between Walla Walla and the Dalles. Mr Saxe will start overland this morning for California. From thence he will proceed East to purchase more blooded stock.

A Sad Dispatch.—Mr Geo L. Hibbard, of this city received a telegraphic dispatch on Tuesday morning last, conveying to him the sad intelligence that his brother Mr Charles Hibbard, died suddenly at Newport Vermont, on the 23d 1874, aged 35 years.

WHERE DOES IT COME FROM!

Pints and quarts of filthy catarrhal discharges. Where does it all come from? The mucous membrane lining the chambers of the nose and its little glands are diseased so that they draw from the blood its liquid and exposure to the air changes it into corruption. This life liquid was to build up the system but it is extracted and the system is weakened by the loss. To cure, gain flesh and strength by using Dr Pierce's Golden Medical Discovery which also acts directly upon these glands correcting them applying Dr Sage's Catarrh Remedy with Dr Pierce's Nasal Douche the only method of reaching the upper cavities where the discharge accumulates and comes from.

PLATFORM

Resolved 1. That the compensation of Clerk and Sheriff of this county should be fixed salaries not exceeding for the Sheriff ... and for the Clerk $3,000 per year; that the law allowing fees to these officers taxable against the county should be repealed and their other fees should be reduced to the rates allowed under the law of 1862 such fees (except mileage of Sheriff) to be collected by the respective officers and paid into the County Treasury; that each of these officers shall be allowed such number of deputies as the County Court consisting of the Judge and Commissioners should determine to be necessary and such deputies should be paid out of the County Treasury salaries not exceeding $100 per month each.

2. That there is no necessity for more than one Assessor, Treasurer or tax collector for the city and county, and the duties of each of these officers could be performed quite as well and more economically by a single officer for both city and county; the compensation for such duties to be apportioned between the city and county according to a fair estimate of the work required by each.

3. That the appropriation out of the County Treasury of moneys as salaries for jailor and janitor is a violation of law and a disregard of the interests of the people of Multnomah county and the candidates named by this Committee for Judge and Commissioners are pledged if elected to discontinue such appropriations as well as all others not necessary in the administration of county affairs.

4. That the Charter of Portland should be so amended as to make the Board of Police Commissioners consist of the Mayor of the city (who should be the President of the Board) and two Commissioners appointed by the Governor and the Common Council should have power to fix the number of police officers by ordinance.

5. That we heartily approve of the exertions of our delegation in Congress in behalf of the Portland Dalles and Salt Lake railroad; that we regard the building of said road as essential to the development of this city and State and the candidates nominated by this Committee for the Legislature are instructed to secure if possible such legislation as shall give the right of way for said road through this State and to endeavor to secure the adoption of a memorial asking Congress to aid said road.

6. That there should be passed an efficient law providing for the registration of voters to prevent frauds in election.

7. That the candidates nominated by this Committee for the Legislature are pledged to ... or if elected to secure legislation in accordance with these resolutions and to exercise ... the most rigid economy in all departments of the public service and to reduce taxation in every practicable way.

THE EVE OF BATTLE

SALIENT POINTS IN THE ENEMY'S LINE

TO THE EDITOR OF THE OREGONIAN

The election of Governor Grover is [illegible] portant of results to the People's movement, He may feel himself endorsed in these extrav[agances] of expenditure that have called out so loudly the disclaimer of the people to the payment of taxes. If not, and should he be willing to retrench, still it is not all the people want He is not imbued with the spirit of the age—retrenchment reform economy, subjection of the railroad to law and order, no more corruption of the ballot nor corporate control of the Legislature.

THE ELECTION OF CAMPBELL

Will place the State and the people far along in the achievement of all the above greatly desired objects.

THE ELECTION OF TOLMAN

Will place a veto power in the hands of Mr Holladay for the next four years upon any and every measure and law that a People's Legislature might pass to put his railroad under control, in regard to freight fares, local damage, liability, fencing &c.

The election of Tolman will prevent the people from protecting themselves against a river monopoly by Mr Holladay If the people can protect themselves against railroad extortion and high rates upon the land by a law of maximum prices Mr Holladay will have no interest to drive the steamers off the Willamette river to buy out the Lock and Falls Company and thus shut out competition on the river

The election of Tolman continues in power and place the evil but able men, who have been manufactured into hirelings and tools by Mr Holladay—the men about whom he testifies on page 71 of his great deposition in his railroad case where he says he used money taken from the German Fund to control legislation in Oregon thus admitting, under oath his corruption of our Legislature Will the people arouse themselves and chain this monster now? Mr Tolman may say he is independent of Mr Holladay He cannot be or Mr Holladay's party—the *Bulletin* Republican crowd—would not support him

MR. WILLIAMS

At first, would not admit that he was the instrument of Mr Holladay and under pledge and promises to support his railroad monopoly but at Baker City he threw off his disguise and sided with his master Mr Williams can not fool anybody, for it is too well known that for the last four years no one has been nominated to an important office on the Republican side who was not the subservient tool of Ben Holladay—who would interfere in the least with his great Oregon prerogatives of legislative dictator and railroad monarch.

Then, friends of liberty is worth anything, it is worth preserving We do not wish to be the slaves of any moneyed power to have our Legislature corrupted and controlled by any man money or other power but that it shall be the free voice and will of the people The railroad power has been fought in other States but to be successful the people had first to throw away old party ties names and associations and work single for their

ONE GREAT AIM,

Freedom from the heartless despotism of railroad monopoly! the farmers ruin!

Once more into the breach dear friends once more A day is given us to strike for our cause. Let us do our duty It may save us from such war as is now imminent in Wisconsin where the arrogant railroad lords refuse to submit to the will and laws of the people

WITH CAMPBELL FOR GOVERNOR

And a thorough Reform Legislature, we can in the next two years, place ourselves out of danger from railroad tyranny reduce our taxes to 5 mills for the State, and at least one half for counties and cities

Let reform be carried with a high majority It is the white flag of Navarre! The good the true, the free, will rush with it to do battle for the right! Advance along the line! farmers laborers freemen Strike down the black flag of railroad piracy of Legislative corruption! Strike down old party ties and prejudices in your own bosoms Democracy can do us no good, and the Republican party must die! The salvation of the country demands it It is sold to Ben Holladay It will enslave the country unless it is destroyed! Let the vote be so decisive that that disgrace to Oregon's history will never be heard of on another first Monday in June in the annals of time.

G. W LAWSON

COMMON SENSE ABOUT THE 'BULLETIN'S' LOCK NONSENSE

TO THE EDITOR OF THE OREGONIAN

Those who have been in the habit of reading the *Bulletin*, must have observed how often those controlling the editorial columns of that paper have published their diatribes on the subject of the purchase of the Canal and Locks And the tone, temper and language of these continued discourses, proceed upon the idea that some party has, as one of the objects it proposes ultimately to achieve by this canvass, the purchase of the works in question and that to prevent a policy alleged to be disastrous to the best interests of the people, the utmost vigilance is necessary And it would further seem that Mr H. W Scott, one of the editors of the *Bulletin* regards himself as having a special commission from Mr. Holladay to keep this subject before the people whether they will hear whether they will forbear."

Now the first thing that may be said upon the subject of all this foolish utterance of senseless words is that no one of the four political conventions that have been held this spring have expressed an opinion that the Canal and Locks ought to be purchased by the State There are other and far more important subjects that will challenge the attention and command the intellectual resources of those who may be elected to the Legislative Assembly It is not known that the Canal and Lock Company are disposed to sell But Mr. Scott, who is in Mr. Holladay's employment as one of the editors of the paper published by the capital of the latter, well knows that if Mr Holladay can get the canal into his own hands by misleading the public mind, or by bribing as he is believed to have done at the last session then every farmer of the Wallamet Valley becomes his servant at the will of this head of monopoly and must sell his wheat at whatever price Ben Holladay may fix Now, this statement can be logically proven so as to be apprehended by the most unlettered

The second thing I would remark is that it is a very noticeable fact that all the leading politicians who now manifest so much needless alarm, lest somebody should seek to induce the next Legislative Assembly to buy the Canal and Locks and thus make it impossible for Mr Holladay to put the farmers of the Wallamet Valley in his breeches pockets are all in Mr Holladay's interest or employment now, although they labored long and vigorously to induce the last Legislative Assembly to make the purchase Mr H W Scott then contributed whatever of influence he possessed, to induce the State to buy. Now he is doing all he can to make everybody feel very nervous in view of the possibility that the Canal may be purchased. What wrought such a great and sudden change in his opinions? The answer is found in the fact that Mr Holladay gave him a place on the editorial staff of the *Bulletin* Ben Simpson introduced the bill for the purchase What has changed his opinions and toned down his earnestness? The office to be procured for him by Mr Holladay's man, John Mitchell Hipple. Richard Williams championed the bill for the purchase. Now he denounces it. Why? Because he is in Mr Holladay's interest And like explanations can be given of the motives of all the leading men who are making so much noise over the lock question by beating their political gongs, and by foolish falsehood and arrant demagoguery

Of happiness all [illegible] and [illegible] long [illegible] the East Side the last *Plain Talk* has the following sample We know of a young married man who thinks so much of his lovely wife that he lights the candle two or three times every night to look at her Then he quietly goes to sleep and chuckles in his dreams like a turkey gobbler He feels so good Young man if you are not married, get married at once

The [illegible] they [illegible] of [illegible] currency in circulation in different sections of the Union The proposition to distribute the currency [illegible] state would have [illegible] one [illegible] these schemes which is as impractical as it would be useless Were such a plan possible the equality of action would not be maintained [illegible] as the commercial centers would inevitably attract the capital of the country and [illegible] some [illegible] to a less extent On this subject of Congressional action on the currency question the *Commercial Times* says Nothing on earth can equal the stupidity and obtuseness of a political party especially when it has a large majority Nothing has been more clearly established in history than the fact that the great Democratic party lost its foothold [illegible] it was [illegible] the very brink of ruin [illegible] in reference to the financial obligations of the Government Yet oblivious of this warning, at the [illegible] party seems to be drifting towards these rocks Its leaders are apparently indifferent to the obligations imposed on Congress and the Government for the prompt payment of the demand notes of the country [illegible] outstanding and long overdue Senators and Congressmen think they are settling the financial destinies of the nation when they bury their heads in the sand and cypher out whether Bigville or Holtown have the larger amount of circulation in proportion to population

This is not statesmanship it is not what the country requires and is sure to be followed by a terrible retribution It would seem that Congress stands ready to do everything and anything except the one right measure which is alone applicable to the relief of the country

Home Produce Market.

WHEAT—In this cereal transactions are gradually diminishing [illegible] it is estimated that [illegible] of last year's crop which will be carried into next harvest [illegible] exceed [illegible] a quantity [illegible] than has heretofore been the right probable and not enough to materially affect the market Reports from the interior continue [illegible] or abundant crops this season and much anxiety is felt as to the price which the cereal will bear the coming fall and winter The circumstances affecting this question are the tonnage supply the present supplies of breadstuffs in Europe together with the prospects of the crops in that and other countries As to the first there can be little difference either way the second greatly favor producers the supplies being much smaller than usual while the last the crop prospect [illegible] abundant harvest in Europe than has been enjoyed for a number of years This however may be more than quite overbalanced by increased consumption so that the general conclusion from these premises would be at least in favor of as high prices as prevailed last year The financial demand of the spot is from the [illegible] purposes can probably be [illegible] but [illegible] home market is fairly quotable

FLOUR—Our market [illegible] firm at [illegible] the supplies [illegible] agents of the mills [illegible] not excessive and without increased receipts we shall carry but little into next harvest We quote jobbing rates for extra of standard brand [illegible] per bbl common country, $1 [illegible] superfine, [illegible] Stoppage of many of the state mills has caused receipts to fall off materially

OATS—The supply is ample but receipts have declined and offerings are confined to small lots The market is very dull the principal demand being for home consumption Some milling fair lots have been sold as low as 30 cents per bushel without sacks but the ruling rates are a little better than this We quote at [illegible] including sacks but holders claim [illegible]c

BARLEY—The demand in our home market is quite active and choice bright lots can be placed with brewers at $1 50 ⅌ 100 lbs common selling at $1 40@1 45 The surplus is not large The acreage sown to that grain in the State this year is probably one fourth larger than last and the crop is reported to look very promising

FEED—The season is now so far advanced that but little animation exists in this line of trade The supply here is limited. We quote at $12 to $14 ⅌ ton for bran $20 to $23 for chopped middlings etc and $1 to $20 for shorts

HAY—The receipts are small but quite adequate to the demand, which manifests the dullness usual at this season Good timothy is weak at $1[illegible] 14 ⅌ ton baled and $11@12 loose

POTATOES—The new crop has made its appearance first lots received this week; old crop is dull and prices tend down The amount remaining in the hands of farmers exceeds our former estimates consequently the advance expected in May has not taken place We quote to-day new at [illegible] and old at [illegible] ⅌ [illegible] sacked

ONIONS—The old crop is exhausted, and nominally quoted at 4c ⅌ lb Some new from California are at hand

APPLES—No more shipments will be made this season. The remnants of the old crop only are in the market selling at [illegible]@$1 ⅌ box

DRIED FRUIT—Apples in sacks are dull at [illegible] lb in kegs [illegible] There is now no active demand Plums, with pits, are dull at 6@7c, and pitless, 11@[illegible]

BACON—Under this head we quote sides at 9@10 ⅌ lb shoulders 8@9c hams 12@14c These figures are for common Oregon cured of which there is a great abundance in this market at present The receipts from up the Columbia during the past few days have been excessive and large [illegible] readily placed, even at the reduced figures we have given

LARD—We quote a good article in fair demand in this or kegs at 13@14c ⅌ lb

BUTTER—The receipts are large and improved in quality The market is rather overstocked and best lots are offered at 18@20c ⅌ lb common [illegible] 15c

EGGS—The receipts of the past few days have been small and prices are quite firm to day at [illegible] ⅌ doz. with prospects of an advance

CHICKENS—No active demand exists beyond the supply of the local trade and none but choice lots meet with ready sale at more than $3 per dozen We quote best lots of full grown at $4 to $[illegible] 50 spring, $3 to $3 2[illegible]

Fresh Meats—Choice beef cattle on foot 6 to [illegible]c ⅌ lb mutton sheep, in first class condition $3 to $3 50 dressed hogs $5 50 to $7 ⅌ hundred weight

WOOL—The last steamer for San Francisco carried about 25 000 pounds and the next will take a much larger shipment The bulk of the spring clip is not yet in the market but the trade is fairly opened another week will probably witness increased receipts Best quality is quotable firm at 20@[illegible]c ⅌ lb common 18@20c burry [illegible] It is doubtful with us whether these figures will be sustained throughout the season, but trade now appears to be very active and it is difficult to determine the future

Shipping Intelligence

The steamer Oregonian from San Francisco arrived last night and is discharging her cargo of assorted merchandise at Central wharf

BOSTON May 2[illegible]—Firm market very fair demand for all desirable wool and sales have been at full previous prices Fine and medium fleeces are wanted but stocks are so reduced that scarcely anything has been done California wool has [illegible] arriving quite freely and meets with ready sale at full previous prices Pulled wool is in fair demand Combings and delaine are scarce and wanted Sales of California spring at 30@[illegible] and superfine and extra pulled at 37@45c ⅌ lb as to quality Delaine combings sold at 57@62c for washed; 44@46 for unwashed

THE EVE OF BATTLE

SALIENT POINTS IN THE ENEMY'S LINE

TO THE EDITOR OF THE OREGONIAN,

The election of Governor Grover is unimportant of results to the People's movement. He may feel himself endorsed in those extravagances of expenditure that have called out so loudly the disclaimer of the people to the payment of taxes. If not, and should he be willing to retrench, still it is not all the people want. He is not imbued with the spirit of the age—retrenchment, reform, economy, subjection of the railroad to law and order, no more corruption of the ballot, nor corporate control of the Legislature.

THE ELECTION OF CAMPBELL

Will place the State and the people far along in the achievement of all the above greatly desired objects.

THE ELECTION OF TOLMAN

Will place a veto power in the hands of Mr Holladay for the next four years upon any and every measure and law that a People's Legislature might pass to put his railroad under control, in regard to freight, fares, local damage, liability, fencing &c.

The election of Tolman will prevent the people from protecting themselves against a river monopoly by Mr Holladay. If the people can protect themselves against railroad extortion and high rates upon the land by a law of maximum prices Mr Holladay will have no interest to drive the steamers off the Willamette river, to buy out the Lock and Falls Company, and thus shut out competition on the river.

The election of Tolman continues in power and place the evil but able men who have been manufactured into hirelings and tools by Mr Holladay—the men about whom he testifies on page 71 of his great deposition in his railroad case where he says he used money taken from the German Fund to control legislation in Oregon, thus admitting, under oath, his corruption of our Legislature. Will the people arouse themselves and chain this monster now? Mr Tolman may say he is independent of Mr Holladay. He *cannot* be, or Mr Holladay's party—the *Bulletin* Republican crowd—would not support him.

MR. WILLIAMS

At first, would not admit that he was the instrument of Mr Holladay, and under pledge and promises to support his railroad monopoly, but at Baker City he threw off his disguise and sided with his master. Mr Williams cannot fool anybody, for it is too well known that for the last four years no one has been nominated to an important office on the Republican side who was not the subservient tool of Ben Holladay—who would interfere in the least with his great Oregon prerogatives of legislative dictator and railroad monarch.

Then, friends, if liberty is worth anything it is worth preserving. We do not wish to be the slaves of any moneyed power, to have our Legislature corrupted and controlled by any man's money or other power, but that it shall be the free voice and will of the people. This railroad power has been fought in other States, but to be successful the people had first to throw away old party ties, names and associations, and work single for their

ONE GREAT AIM

Freedom from the heartless despotism of railroad monopoly, the farmers ruin.

Once more, into the breach, dear friends, once more! A day is given us to strike for our cause. Let us do our duty. It may save us from such war as is now imminent in Wisconsin, where the arrogant railroad lords refuse to submit to the will and laws of the people.

WITH CAMPBELL FOR GOVERNOR

And a thorough Reform Legislature, we can in the next two years, place ourselves out of danger from railroad tyranny, reduce our taxes to 5 mills for the State, and at least one-half for counties and cities.

Let reform be carried with a high majority. It is "the white flag of Navarre." "The good, the true, the free, will [illegible] with it to [illegible] for the right." Advance along the line! farmers, laborers, freemen! Strike down the black flag of railroad piracy, of Legislative corruption! Strike down old party ties and prejudices in your own bosoms. Democracy can do us no good, and the Republican party must die! The salvation of the country demands it. It is sold to Ben Holladay. It will enslave the country unless it is destroyed! Let the vote be so decisive that that disgrace to Oregon's history will never be heard of on another first Monday in June in the annals of time.

G W LAWSON

COMMON SENSE ABOUT THE BULLETIN'S LOCK NONSENSE.

TO THE EDITOR OF THE OREGONIAN

Those who have been in the habit of reading the *Bulletin*, must have observed how often those controlling the editorial columns of that paper have published their diatribes on the subject of the purchase of the Canal and Locks. And the tone, temper and language of these continued discourses, proceed upon the idea that some party has as one of the objects it proposes ultimately to achieve by this canvass, the purchase of the works in question, and that to prevent a policy alleged to be disastrous to the best interests of the people, the utmost vigilance is necessary. And it would further seem that Mr H W Scott, one of the editors of the *Bulletin*, regards himself as having a special commission from Mr Holladay to keep this subject before the people "whether they will hear, whether they will forbear."

Now the first thing that may be said upon the subject of all this foolish utterance of senseless words is that no one of the four political conventions that have been held this spring have expressed an opinion that the Canal and Locks ought to be purchased by the State. There are other and far more important subjects that will challenge the attention and command the intellectual resources of those who may be elected to the Legislative Assembly. It is not known that the Canal and Lock Company are disposed to sell. But Mr Scott, who is in Mr. Holladay's employment as one of the editors of the paper published by the capital of the latter, well knows that if Mr Holladay can get the canal into his own hands, by misleading the public mind, or by bribing as he is believed to have done at the last session, then every farmer of the Wallamet Valley becomes his servant at the will of this head of monopoly and must sell his wheat at whatever price Ben Holladay may fix. Now this statement can be logically proven so as to be apprehended by the most unlettered.

The second thing I would remark is that it is a very noticeable fact that all the leading politicians who now manifest so much needless alarm, lest somebody should seek to induce the next Legislative Assembly to buy the Canal and Locks and thus make it impossible for Mr Holladay to put the farmers of the Wallamet Valley in his breeches pockets, are all in Mr Holladay's interest or employment now, although they labored long and vigorously to induce the last Legislative Assembly to make the purchase. Mr H W Scott then contributed whatever of influence he possessed, to induce the State to buy. Now he is doing all he can to make everybody feel very nervous in view of the possibility that the Canal may be purchased. What wrought such a great and sudden change in his opinions? The answer is found in the fact that Mr Holladay gave him a place on the editorial staff of the *Bulletin*. Ben. Simpson introduced the bill for the purchase. What has changed his opinions and toned down his earnestness? The office, to be sure, procured for him by Mr Holladay's man John Mitchell Hipple. Richard Williams championed the bill for the purchase. Now he denounces it. Why? Because he is in Mr Holladay's interest. And like explanations can be given of the motives of all the leading men who are making so much noise over the lock question by beating their political gongs and by foolish falsehood and arrant demagoguery.

Of happiness all day and all night long on the East Side the last *Plain Tal* has the following sample: "We know of a young married man who thinks so much of his lovely wife that he lights the candle two or three times every night to look at her. Then he quietly goes to sleep and chuckles in his dreams like a turkey gobbler. He feels so good. Young man, if you are not married, get married at once!"

FINANCE AND COMMERCE.

Financial.

THURSDAY EVENING, May 28, 1874.

Gold in New York 112¼.

Portland Legal Tenders buying 89, selling 90.

Gold bars are quotable at 725a750 fine.

Exchange on New York 3 per cent premium for currency and one per cent premium for gold.

Exchange on San Francisco at ¼ of 1 per cent premium.

Wheat in Liverpool, by mail advices from San Francisco, [illegible] 12s for average California and [illegible] for club.

There [illegible] several members of Congress who [illegible] currency in circulation in different sections of the Union. The proposition to distribute the currency [illegible] would have it per capita is one of those schemes which is impracticable, as it would be useless. Were such a plan [illegible] the equality of action would not be maintained [illegible] as the commercial centers would inevitably [illegible] the capital of the country and command [illegible] greater or sometimes less extent. On this subject of Congressional action on the currency question the *Commercial* [illegible] says: "Nothing on earth can equal the stupidity and obstinacy of a political party, especially when it has a large majority. Nothing has been more clearly established in history than the fact that the great Democratic party lost its foothold and was reduced to the very brink of ruin by its indifference to the financial obligations of the Government. Yet oblivious of this warning and [illegible] of the [illegible] mercantile interests of the country the Republican party seems to [illegible] towards the same rocks. Its leaders are apparently indifferent to the obligations imposed [illegible] Congress and the Government for the prompt payment of the demand notes of the country still outstanding and long overdue. Senators and Congressmen think they are settling the financial destinies of the nation when they bury their heads in the sand and cypher out whether [illegible] or [illegible] have the larger amount of circulation in proportion to population.

This is not statesmanship; it is not what the country requires and is sure to be followed by a terrible retribution. It would seem that Congress stands ready to do everything and anything except the one right measure which is alone applicable to the relief of the country."

Home Produce Market.

WHEAT.—In the cereal transactions are gradually diminishing and it is estimated that the surplus of last year's crop which will be carried into next harvest year will not exceed [illegible] tons, a quantity much less than has heretofore been thought probable and not enough to materially affect the market. Reports from the interior continue to give assurance of abundant crops this season and much anxiety is felt as to the price which the cereal will bear the coming fall and winter. The circumstances affecting this question are the tonnage upon the present supplies of breadstuffs in Europe, together with the prospects of the crops in that and other countries. As to the first there [illegible] to be little difference either way. The second greatly favors producers, the supplies being much smaller than usual, while the last, the crop prospect, indicates a more abundant harvest in Europe than [illegible] enjoyed for a number of years. This, however, may be [illegible] quite overbalanced by increased [illegible] that the general conclusion from the premises would be at least in favor of as high prices as prevailed last year. The principal [illegible] on the spot is from the millers [illegible] purposes [illegible] which our home market is fairly quotable.

FLOUR.—Our market firm [illegible]. The supplies in hands of agents of State mills [illegible] are not excessive, and without increased receipts we shall carry but little into next harvest year. We quote jobbing rates for extra or standard brands [illegible] per bbl, common country $4 [illegible] superfine $4 [illegible]. Stoppage of many of our State mills has caused receipts to fall off materially.

OATS.—The supply is ample but receipts have declined and offerings are confined to small lots. The market is very dull, the principal demand being for home consumption. Some middling fair lots have been sold as low as 30 cents per bushel without sacks, but the ruling rates are a little better than this. We quote at [illegible] including sacks, but holders claim 4½c.

BARLEY.—The demand in our home market is quite active and choice bright lots can be placed with brewers at $1 50 ₩ 100 lbs; common selling at $1 40@1 4[illegible]. The surplus is not large. The acreage sown to that grain in the State this year is probably one fourth larger than last and the crop is reported to look very promising.

FEED.—The season is now so far advanced that but little animation exists in this line of trade. The supply here is limited. We quote at $12 to $14 ₩ ton for bran, $20 to $23 for chopped middlings, etc, and $1 [illegible] to $20 for shorts.

HAY.—The receipts are small but quite adequate to the demand, which manifests the dullness usual at this season. Good timothy is weak at $1[illegible] ₩ ton baled and $11 [illegible] loose.

POTATOES.—The new crop has made its appearance, first lots received this week; old crop is dull and prices tend down. The amount remaining in the hands of farmers exceeds our former estimates; consequently the advance expected in May has not taken place. We quote to-day new at [illegible] and old at [illegible] ₩ lb sacked.

ONIONS.—The old crop is exhausted and nominally quoted at 4c ₩ lb. Some new from California are at hand.

APPLES.—No more shipments will be made this season. The remnants of the old crop only are in the market, selling at [illegible]@$1 ₩ box.

DRIED FRUIT.—Apples in sacks are dull at 5c [illegible] lb, in kegs [illegible]. There is now no active demand. Plums with pits are dull at 6@7c and pitless [illegible].

BACON.—Under this head we quote sides at [illegible], shoulders, 8 9c, hams 12@13c. These figures are for common Oregon cured, of which there is a great abundance in this market at present. The receipts from up the Columbia during the past few days have been excessive, and large lots cannot be readily placed even at the reduced figures we have given.

LARD.—We quote a good article in fair demand in tins or kegs at 13@14c ₩ lb.

BUTTER.—The receipts are large and improved in quality. The market is rather overstocked and best lots are offered at 18@20c ₩ lb, common 12[illegible].

EGGS.—The receipts of the past few days have been smaller, and prices are quite firm [illegible] at [illegible] ₩ doz, with prospects of an advance.

CHICKENS.—No active demand exists beyond the supply of the local trade and none but choice lots meet with ready sale at more than $3 per dozen. We quote best lots of full grown at $4 to $4 50, spring $3 to $3 25.

Fresh Meats.—Choice beef cattle, on foot, 6 to [illegible] ₩ lb; mutton sheep, in first class condition $3 to $3 50; dressed hogs, $5 50 to $7 ₩ hundred weight.

WOOL.—The last steamer for San Francisco carried about 25 000 pounds and the next will take a much larger shipment. The bulk of the spring clip is not yet in the market, but the trade is fairly opened another week will probably witness increased receipts. Best quality is quotable firm at [illegible] ₩ lb, common 18@20c, [illegible]. It is doubtful with us whether these figures will be sustained throughout the season, but trade now appears to be very active and it is difficult to determine the future.

Shipping Intelligence.

The schooner Oregonian from San Francisco arrived last night and is discharging her cargo of assorted merchandise at Central wharf.

The Mattie Macleay which left this port April 30 for Honolulu arrived at her destination on the [illegible] inst.

The steamship California arrived from Sitka and ports this side this morning. She will sail next Monday afternoon.

Boston Wool Market.

BOSTON, May 27.—Firm market, very fair demand for all desirable wool and sales have been at full previous prices. Fine and medium fleeces are wanted but stocks are so reduced that scarcely anything has been done. California wool has been arriving quite freely and meets with ready sale at full previous prices. Pulled wool is in fair demand. Combings and delaine are scarce and wanted. Sales of California spring at 30a37c and superfine and extra pulled at 37a50c ₩ lb as to quality. Delaine combings sold at 57a62c for washed [illegible] for unwashed.
